Updates from The Secretary

It's been nice to see so many familiar faces returning. We really have all missed you. It's evident that we're not just a Club but a social centre for the whole community! Welcome back everyone.

I think one of the first things you'll have noticed when coming in, is our new Entrance/Foyer. A capital project which was actually highlighted at General Meeting few years ago. For us, the timing to have this complete was perfect. Given the situation we were in. It's opened up the whole area, making it spacious and modern. Definitely different from what it was.

Most will have heard about our Moretti tale. Well, I can confirm they're true! Our plan was to change Stella to Birra Moretti. This was rejected by Heineken, as we were not the type of establishment they wished to have their premium brand sold in. Ironic when you see where it is sold! LOL. Given the news, we decided that is were not good enough to sell this product then clearly we're not good enough to sell their other products. So, out went John Smiths and Strongbow! We won't be going back!

These were replaced with brands from Coors who have been very supportive. Madri Lager and Sharps Cornish Cider.

We'd also like to say 'Thank You' for your patience whilst we delivered Table Service. I thought personally it wouldn't work, how wrong I was. We've received fantastic feedback in keeping it after restrictions are lifted. I'm pleased to announce that we will be trialing Partial Service. Basically, if there's a staff member available, they'll take your order. If you feel they're taking too long, simply approach the Bar yourself. We're hoping these will all be lifted by 19th July. Few more weeks yet. Please be patient until then.

We'd also like to formally thank Danielle, who left to take on a new Management position at The Ladygrove, Didcot. So, if you're ever in that area please call in and see her. She'd be delighted to see you.

Which then brings us to introduce Joe Mallinson, our new Bar Manager. You've probably seen him already. Please give him warm welcome, we want him to stay! LOL You can see his picture on FrontPage.
